

Pull The Pin Games

Swingy Stopper-ball Game

- 1) Take your Pull The Pin Stopper and place a piece of string through it.
- 2) Find a ping pong ball or other small round light object.
- 3) Make two goals at either end of your designated pitch.
- 4) Hold the end of the string and use it to swing the stopper to move the ball into your opponent's goal.

Alternatives: you can make a maze to 'dribble' your ball around. Who can complete the course in the fastest time?
